Press Release

AIRCAT Pneumatic 1350-XL, 1275-XL and 1770-XL Impact Wrench Series

Designed for Auto Tech Professionals

Jupiter, FL February 2015: Florida Pneumatic Manufacturing Corporation will introduce a new series of AIRCAT high power Impact wrenches. The AIRCAT 1350-XL (3/8" Drive), 1275-XL (1/2" Drive) and the 1770-XL (3/4" Drive) will be released in February 2015.

- Tools in the series feature:
 - Low weight composite housing
 - More efficient, refined twin hammer mechanisms increase blow frequency, reduce wear, and increase durability
 - Rear push button forward reverse for on-hand operation
 - Ergonomically designed grip and trigger that provide ultimate operating comfort
 - Professional Titanium finish hammer case
 - Molded-in buffers to protect the tools from side impact
- Both the 1350-XL and 1275-XL feature a patented unique High/Low torque switch over the trigger for instant change of power in both forward and reverse.
 - 1350-XL Torque: 100 ft-lb in low / 500 ft-lb in high
 - 1275-XL Torque: 150 ft-lb in low / 800 ft-lb in high
- The AIRCAT 1770-XL produces 1400 ft-lb of maximum reverse torque and features the traditional 4-step power management switch in the rear of the tool.

These and other AIRCAT tools are readily available from leading Tool & Equipment & Industrial Distributors.

For further information regarding the AIRCAT 1350-XL, 1275-XL , 1770-XL and other AIRCAT tools please contact:
