Press Release

AIRCAT Pneumatic 1900-A: 1" x 8" Impact Wrench Designed for Heavy Duty Tire Shops

Jupiter, FL March, 2015: Florida Pneumatic Manufacturing Corporation will introduce the AIRCAT 1900-A 1" x 8" Impact Wrench in March of 2015. The 1900-A features an incredible 1900 ft-lb of torque as well as the latest in styling, comfort and design.

- Weighing in at 26 lbs this tool produces 1900 ft-lb of torques while incorporating a low wear "pin-less" hammer design. This design is the most durable and reliable design in the industry.
- The triple heat treated Ni-Cr-Mo alloy steel hammer mechanism, parts and anvil, provide ultimate reliability.
- 6 combination reverse and forward power settings for added control
- The aluminum housing and hammer case both feature full rubber over-molds for increased protection of both the tool and the work surface
- Rugged bolt-on side handle assist can be located on right or left side by rotating the hammer case.
- The enlarged inner cavity of the D handle grip design is more suitable for US users and the unique ergonomic trigger design features a rubber inlay for extra comfort.
- The tool features a swivel air inlet for better maneuverability

This and other AIRCAT tools are readily available from leading Tool & Equipment & Industrial Distributors.
