Press Release

AIRCAT Pneumatic 6340: 4-1/2" Angle Grinder Designed for Auto Tech Professionals

Jupiter, FL April, 2015: Florida Pneumatic Manufacturing Corporation is pleased to announce the launch of the new AIRCAT 6340: 4-1/2" angle die grinder in August 2015. The 6340 has a full 1.0 HP motor and is designed for one handed operation. The 6340 Angle Grinder comes fully loaded with the latest design technologies that provide convenience and additional safety when operating the tool

- The AIRCAT 6340 full 1.0 HP motor and 11,000RPM free speed provide fast material removal without stalling/slowing down during on the job
 - Weighing in at only 2.33 lbs. and length of 7-1/8", the 6340 reduces operator fatigue while allowing access to confined areas
- AIRCAT has incorporated three of the latest angle grinder design features into this tool.
- 1) The multi-position indexing guard allows improved work area access and allows the operator to direct the cutting sparks.
 - 2) Simply pushing the spindle lock button, you can perform fast and safe wheel changes.
 - 3) The rotational rear exhaust diffuser allows the operator to direct the exhaust in any direction they prefer. In addition the ergonomically designed over mold grip adds protection to the tool while providing optimum operator comfort.
- The latest design safety lock-off throttle lever dramatically increases operator comfort and eases the operation of the throttle
 - As a finishing touch, AIRCAT added a speed regulator located at the top of the tool to provide added control when required

This and other AIRCAT tools are readily available from leading Tool & Equipment & Industrial Distributors.

For further information regarding the 6340 and other AIRCAT tools please contact:
