Press Release

AIRCAT Pneumatic 6520: 3" Composite Reversible Cut-Off Tool Designed for Auto Tech Professionals

Jupiter, FL February, 2015: Florida Pneumatic Manufacturing Corporation will introduce the AIRCAT 6520 3" Composite Reversible Cut-Off Tool in February 2015. The 6520 is feature rich and was designed for professional auto techs that demand the very best in durability and performance.

- Weighing in at only 1.6 lbs., the AIRCAT 6520 features a low weight impact resistant composite housing.
- The stall resistant ½ HP motor provides plenty of cutting power for 3/8" rolled steel or 18 gauge steel sheet.
- The extra heavy duty dual spindle bearings provide added reliability and performance.
- The reversing switch located in the grip allows for easy directional changes of the cutting wheel, which enables the user to increased cutting wheel life as well as changing the direction of the sparks.
- Speed regulator under the throttle lever provides added control for precise cutting on a variety of different materials.

This and other AIRCAT tools are readily available from leading Tool & Equipment & Industrial Distributors.

For further information regarding the AIRCAT 6520 and other AIRCAT tools please contact:
