Press Release

AIRCAT Pneumatic 804: 1/4" Mini Ratchet Designed for Auto Tech Professionals

Jupiter, FL April, 2015: Florida Pneumatic Manufacturing Corporation is pleased to announce the launch of the new AIRCAT 804 1/4" Mini ratchet wrench in August 2015. The 804 features a unique single piece alloy steel constructed handle/ratchet head that dramatically increases reliability. This feature also eliminates "loosening" and consequential miss alignment of the ratchet head, motor and internal parts.

- The AIRCAT 804 features a uniquely designed transmission gear that increases the rate of torque build-up.
- Weighing in at only 1.55 lbs; the AIRCAT 804 provides 30 ft-lb of maximum torque and a free run-down speed of 280 RPM.
- The ergonomically designed over mold grip adds protection to the tool while providing optimum operator comfort.
- The rapid response variable speed trigger allows for total user control.
- The internal silencing provides quiet operation at 84 dBA,

This and other AIRCAT tools are readily available from leading Tool & Equipment & Industrial Distributors.

For further information regarding the 804 and other AIRCAT tools please contact:
