Press Release

AIRCAT Pneumatic 805-HT: 3/8" High Torque Ratchet Designed for Auto Tech Professionals

Jupiter, FL February, 2015: Florida Pneumatic Manufacturing Corporation will introduce the AIRCAT 805-HT 3/8" High Torque Ratchet Wrench in February 2015. The 805-HT features an astonishing 130 ft-lb of torque, while maintaining the same head dimensions as a standard 3/8" Ratchet Wrench.

- Weighing in at only 3.3 lbs the AIRCAT 805-HT provides 130 ft-lb of maximum torque, while featuring a very durable and compact 3/8" ratchet head. This is three times the power of conventional 3/8" ratchets.
- The latest patented head design eliminates the ratchet head from spreading while the single pawl provides added reliability and consistent performance.
- Rapid response variable speed trigger allows for total user control.
- Quiet operation, 84 dBA, and the ergonomically designed grip and trigger provide ultimate operating comfort.
- **Warning: Please use with care to avoid finger trapping.**

This and other AIRCAT tools are readily available from leading Tool & Equipment & Industrial Distributors.

For further information regarding the 805-HT and other AIRCAT tools please contact:
