Press Release

AIRCAT Pneumatic : 6330 Nibbler

Designed for Auto Tech Professionals

Jupiter, FL December 2015: In April 2016 Florida Pneumatic Manufacturing Corporation is introducing its new air nibbler.

• FEATURES

- The AIRCAT 6330 features a 0.5 HP stall resistant air motor.
- The composite molded grip increases comfort and insulates the operator's hand from the effects of cold air.
- With a minimum cut radius of only 3/16" the AIRCAT 6330 allows precision cutting into tight corners and has a cutting capacity of up to 18 gauge steel sheet.
- The over-sized heavy duty alloy steel punch and anvil dramatically increase the life of these high wear components V s other nibblers.
- The rotational rear exhaust diffuser allows the operator to direct exhaust air as preferred.

This and other AIRCAT tools are readily available from leading Tool & Equipment & Industrial Distributors.

For further information regarding the AIRCAT 6330 and other AIRCAT tools please contact:
